

Multipurpose cleaner

Art. 192-90

Description: Water-soluble multipurpose cleaner concentrate, free of solvents and phosphates, alkaline, for efficient and environment-friendly cleaning of muddy, greasy or oily surfaces. Biodegradable.

Application area: For cleaning machinery, engines, chassis, small parts, sheet metal, bodywork, cattle transporters and stalls, oily workshop floors, tiled and plastic flooring, etc. Does not attack rubber, seals, cables or machinery paint. Check old paint for colourfastness.

Dosing, usage:

- Dilution in water: 5-100 ml / 1 liter water
- Manual cleaning: Apply diluted cleaner with spray pistol, hard or soft brush. Leave for 5 to max. 15 minutes, then hose down.
- High-pressure cleaning: First dilute the concentrate or automatically dose 5-10% into the water jet (use warm water for higher efficiency). Brass vessels and pumps must be drained and rinsed out after use. May reduce the efficiency of oil separators.

Protect from frost!

How to use:

- 1** Spray on surface to be cleaned and leave for 5 to max. 15 minutes.
- 2** Hose down
- 3** Finished!

Safety and environmental aspects:

ADR/RID: Not classified as hazardous by transport regulations
Precautionary measure: Do not allow product to reach ground water, water course or sewage System. Danger to drinking water if even small quantities leak into the ground.

Water hazard class: Considerably hazardous to water (WGK 2)
EC waste code: 20 01 29 *
CH waste code: Identical to EC waste code (as per VeVA from 01.01.06)

Container sizes:

Drum: 200 l

Canister: 10 l • 30 kg

All information given here is based on the product characteristics and applications known to us, but no legal obligation or liability can be derived in general therefrom. Blaser Swissslube AG cannot be held liable for any damages resulting from the improper use of its products.
