

# Blasol HPL 0W20 motor oil

Art. 00270-50

**Description:** Blasol HPL 0W20 is a fuel-saving, full-synthetic high performance motor oil for extended oil change intervals with reduced high-temperature viscosity of class SAE 0W-20. The valuable additives in combination with synthetic base oils guarantee long engine life and promote excellent fuel efficiency.

**Area of use:** – This motor oil is specially designed for vehicles from the Volkswagen Group that require a motor oil that satisfies VW standard 508 00 / 509 00.  
Blasol HPL 0W20 must not be used in vehicles that require VW standard 504 00 / 507 00.

## Product properties

– Low viscosity

reduces friction. This reduces wear in the engine and improves cold start performance

– Optimum combination of additives and synthetic base oils

maximum protection against wear in changing conditions.  
Prevents build-up of oil sludge and keeps the engine clean

– Longlife IV character

Increases oil change intervals

## Specifications/ approvals:

Blasol HPL 0W20 meets and exceeds international specifications according to:  
ACEA C5Blasol HPL 0W20 is approved according to:  
Volkswagen 508.00 / 509.00In addition Blasol HPL 0W20 complies with the following requirements:  
Ford WSS-M2C-956-A1  
Porsche C20

## Technical data:

Viscosity: 0W20 ASTM  
Density at 15°C: 0.845 g/cm<sup>3</sup> DIN 51757

## Safety and environmental aspects:

ADR/RID:

Not a hazardous material according to transport regulations

Precautionary measure:

Do not allow to get into groundwater, surface water or waste water. Drinking water hazard even when small quantities leak into the ground.

Water hazard class:

Significantly hazardous to water (WGK 2)

LVA/EU waste code:

13 02 06

CH waste code:

Identical with the EU waste code (according to VeVA from 1.1.06)

Classification and labeling:

see Safety Data Sheet

## Container sizes:

Drum: 208 l

The information given in this data sheet is based on the properties and uses we are aware of. Blaser Swissslube AG is not liable for injury resulting from improper use of the products. As a general rule, no legal obligation can be derived from this information. 30.595 E (0924)
